Perennials

West Kington Nurseries

2022 has proved to be another very busy year for all the teams at West Kington. It has been a real pleasure to see some old and new faces in person again at the HTA National Plant Show, Four Oaks Trade Show and the South West Growers Show. We would like to extend a warm thank you to all our customers who have supported us and we look forward to working with you all again in 2023.

History

In 1984 West Kington Nurseries (WKN) started trading with its first black and white catalogue and modest range of plants under the ownership of Barbara Austin.

Under the new ownership of Mark Jackson and inspired by Barbara's love of country cottage plants, the signature "Barbara Austin Perennials" made their debut in 2005. This premium range comes with a colourful display board, bench tape and branded trays, plus the benefit of having one low price for all plants in the two-trolley deal at the start of the season.

Almost forty years on, with Mark's vision for the future, industry knowledge and experience, WKN has grown and developed into a nursery specialising in a wide variety of Herbaceous Perennials and has become the go to nursery for 9cm liners with 2LTR, 3LTR and 5LTR herbaceous plants for the main summer season.

Do make sure you secure a healthy supply of stock for 2023 by placing your reserves in good time.
